Bridging Home & School

In addition to providing a world class education to students at our fine schools, Seminole County Public Schools is committed to serving every student and their family through quality programs and services created to enhance learning and student progress.

The Family Immigrant Connection Center (FICC) located at the Rinehart Annex serves as an outreach center for immigrant students and families. It is managed by a full time instructional coach who coordinates the activities associated with the outreach center.

Strategically located in the same site as the Pre-K School Readiness Program and the Early Learning Coalition, the center will offer English language classes, conduct literacy training and connect immigrant families to community resources.

Through the ESOL/World Languages Department our goal at the Family Immigrant Connection Center is to reach out to those families who may feel limited by the language and cultural barriers that may impede full participation in their child's education or mainstreaming with the community system.
