

## 2024-2025 Controlled Open Enrollment Transfers

Controlled Open Enrollment is a school choice option outlined in Florida Statutes, section 1002.31, which allows Florida residents the opportunity to apply to a specifically designated controlled open enrollment Seminole County Public School outside their geographic attendance zone.

In order to maintain statutory compliance for Controlled Open Enrollment, Seminole County Public Schools will:

- Identify schools that have not reached capacity, as determined by the school district.
- Ensure that students residing in the district are not displaced by a student from another district.
- Adhere to federal school choice plan requirements.
- Maintain socioeconomic and demographic balance.
- Maintain existing academic eligibility criteria for public school choice programs.

### **Key Dates:**

- On-time application period: **April 15, 2024 to May 15, 2024** • Apply online: <https://scpsflc.scribborder.com/>
- Approved seat placements and waitlist notifications will be emailed by late May.
- If more applications are received during the on time application period than available seats, a random selection will be conducted.
- Wait list management will occur every twelve (12) weeks thereafter, on or around July 15, October 15, and January 15, as practicable.

### **Additional Information:**

- Transportation is not provided by SCPS for approved Controlled Open Enrollment transfers.
- A Controlled Open Enrollment transfer shall remain in effect until the highest grade available in the approved school.
- Siblings of students already attending a school on a Controlled Open Enrollment transfer are not automatically entitled to attend the same school as his/her sibling. If the requested receiving school is not on the current approved list, siblings will not be permitted to attend the same school on a Controlled Open Enrollment transfer.
- High School Families: If your child is a student-athlete and is considering a mid-year Controlled Open Enrollment transfer, please take some time to review the Florida High School Athletics Association (FHSAA) transfer policy to ensure that the transfer will not impact your child's ability to participate in high school athletics (<https://fhsaa.com/sports/2020/3/11/Transfers.aspx>).
- Program capacity is updated annually, seat availability fluctuates daily due to ongoing student enrollment/withdrawal, and available grades levels will be published every 12 weeks.
- If the 5 year enrollment projection for a school exceeds the program capacity, the school will not be available for Controlled Open Enrollment for the 2024-2025 school year to ensure that students residing in the district are not displaced by a student from another district.

**Controlled Open Enrollment Seat Availability**

School	Program Capacity	Is the 5 year enrollment projection less than the Program Capacity?	Grade Level Currently Available for COE					
			K	1	2	3	4	5
Altamonte Elementary School	894	Yes, therefore the following grades are currently available.	Yes	Yes	No	No	Yes	No
