

Steps to become a Vendor/Contractor/Sub-Contractor in Seminole County Public Schools

Revised 6-20-2018

Overview:

If you are not a current vendor with SCPS, and your service or commodity has been requested for one or more schools/departments, you must submit a Vendor Application, W-9, and Certificate of Insurance to the requesting school/department. Once they have completed their portion of the application, they will forward all information to the correct Buyer in the Purchasing Department. After the Buyer has reviewed all documents for completeness, they will submit it to the Accounts Payable (A/P) Department. A/P will set you up as a vendor in our financial system. Once you are set up, you will be given a Vendor ID Number that is associated with our financial system. They will notify you via the contact information provided on your application. The school/department is now able to issue a Purchase Order to you through our financial system.

1. Each company (Vendor/Contractor or Sub-Contractor) must have a Vendor Application, W-9 (IRS Request for Taxpayer ID), and Certificate of Insurance on file with the SCPS Purchasing Department in order to obtain a required Vendor ID number.
